

Stage 1 - dryfire

Time: ⁶⁰~~70~~ seconds

Round Count: 12

Targets: 60 & 100 meters

Equipment: unlimited

Starting position: port arms 2 meters behind chair

Description:

On start signal, shooter is to Engauge the 60m & 100m target with three round each from the seat of the chair. Shooter is to then transition to the top of the backrest and engage the same targets. Shooter will then repeat this again but will engage the 100m before the 60m target.

Stage 2 - wood splitter

Time: 60 seconds

Round Count: 11

Targets: 60 & 100 meters

Equipment: Bag only (no gamer plates or attached bags)

Starting position: port arms 2 meters behind barricade

Description:

On start signal, shooter is to move the log to the firing line and lay it on its side and Engauge the 100m target with 3 rounds. Shooter is to then stand the log on its end and engage the 68m target with 2 rounds. Shooter will the go back and retrieve the kindling cracker and place it on the firing line and engage the 68m & 100m target with 3 rounds each.

Stage 3 - half and half

Time: 60 seconds

Round Count: 12

Targets: 60 & 100 meters

Equipment: Bag only (no gamer plates or attached bags)

Starting position: port arms 2 meters behind barricade

Description:

Before starting the stage, shooter is to nominate 2/4 positions to be shot from the support side and 2/4 to be shot strong side. When shooting from the support side, they are to engage the 60m target. When the shooter is shooting from the strong side, they are to engage the 100m target. There is no order to what positions are to be shot first. Each target is to be engaged with 3 rounds.

Stage 4 - "Biathlon"

Time: 150 seconds

Round Count: 15

Targets: 60, 77 & 100 meters

Equipment: sling, pump pillow

Starting position: between benches with rifle on the bench with any magazines to be on the shooter

Description:

On start signal, shooter is to run down to the end of range 3 and back before loading and engaging the 68m target with 5 rounds standing. Shooter is unload and carry their mag whilst running down and back before loading again and engaging the 85m target sitting with 5 rounds. Shooter will once again run down and back before engaging the 100m target with 5 rounds prone.

Note: a bipod is able to be mounted but is only to be used for placing the rifle down.

Stage 5 - spooling up

Time: 120 seconds

Round Count: 9

Targets: 75m, 100m, 150m & 200m

Equipment: unlimited

Starting position: 5 meters back sitting on chair

Description:

on start signal, shooter is to engage the 75m with one round from the left hand edge of the reel. Shooter is to transition to the right hand side edge and engage the 100m target with two rounds. Shooter will again transition to the centre of the reel and engage the 150m target with three rounds. Finally, shooter will move prone underneath the reel and engage the 200m target with three rounds.

When shooting off the reel, it must be the primary front support of the rifle.

Stage 6 - large and small tank trap

Time: 00 seconds
